UNITE HERE HEALTH
Our Local 26 Health Fund

NEW!
Saved hours help you keep coverage!

Starting January 2020

The extra hours you work during **busy months** will be used to keep your benefits during **slow months**. The best part: your health fund keeps track of your hours and moves them automatically!

- Any month you **work more than 100 hours**, the Fund will save those extra hours for you.
- When you **work less than 80 hours** in a month, the saved hours will be used to keep your benefits going.
- You can use saved hours **up to 3 times a year** (up to 240 hours).
- You only need **80 hours** each month to keep your coverage.

When you're out sick
You can combine FMLA and saved hours to qualify for up to 6 months of coverage (if eligible).
