

Provider Benefits Fact Sheet

Gold Plus Plan (Plan 185)

Disclaimer: Information provided does not guarantee payment. All claims are subject to eligibility based on current information in our system and terms of the plan.

When to call for Prior Authorization

Medical Management Review is a mandatory program requiring prior authorization and review of certain treatments and procedures. Call Nevada Health Solutions toll free at (855) 487-0353 for the following medical and surgical utilization review services: inpatient pre-admission prior authorizations, emergency admission review, prior authorization of certain outpatient medical procedures and treatments, as well as retrospective review when prior authorization or authorization is not obtained as required.

A list of items subject to prior authorization is on pages 10-11.

For Prior Authorization, please contact:

Nevada Health Solutions

Phone: (855) 487- 0353 toll free

Fax: (866) 201-5601

www.nevadahealthsolutions.org

Once a participant’s cost sharing for network covered expenses reaches the out-of-pocket maximums listed below, the Plan pays 100% for most covered network expenses for the rest of the calendar year.

Deductible and Network Out-of-Pocket Maximums	
Calendar Year Deductible	None
Medical Benefits Out-of-Pocket Maximum (Network)	\$5,000 per person/\$10,000 per family per calendar year
Prescription Drug Benefit Out-of-Pocket Maximum	\$1,600 per person/\$3,200 per family per calendar year
Medical Benefits Out-of-Pocket Maximum (Non-Network)	None

Preventive Services

Type of Care	Service or Location	What the Patient Pays (Network)	What the Patient Pays (Non-Network)	Other Information
Office/Clinic Visits (PCP)	Preventive healthcare services	No copay	Not covered	Plan covers in-network preventive care, including screenings, and counseling, as required by the ACA. Certain age and frequency limits may apply.
Cervical Cancer Screening	Preventive pap smear/HPV	No copay	Not covered	Covered for women between age 21 and age 65 who still have a cervix once every 36 months for pap smear testing alone and one every 60 months for screenings with a combination of pap smear and human papillomavirus (HPV) testing. Preventive cervical cancer screenings (other than diagnostic) performed more frequently or for women under 21 or over age 65 will not be a covered expense.
Colonoscopies	Screening colonoscopy	No copay	Not covered	Screening colonoscopy - 1 every 10 years beginning at age 50 for persons of average risk, Or once every 2 years if diagnosed as high risk, such as diagnosed with a high risk of colon cancer due to own medical history or medical history of immediate family members.
Contraceptives	Birth control	No copay	Not covered	Covered under woman's preventive care. FDA approved contraceptive methods are covered.
Mammogram	Breast cancer mammography screenings	No copay	Not covered	One every 12 months for women age 40-74. Screenings before age 40 and after age 74 will be covered only if the patient is diagnosed as high risk. Preventive screenings (other than diagnostic mammography) performed more frequently or for women under age 40 or over age 75 who are not at high risk will not be a covered expense. 3D Mammograms are covered under the preventive benefit, no prior authorization is required.
Prostate Specific Antigen	PSA	No copay	Not covered	Covered once every 12 months for men between the ages of 40-69.

When to call for prior authorization

The patient or healthcare professional must contact Nevada Health Solutions before any of the following:

- Air ambulance transportation
- Clinical trials
- Durable medical equipment rentals or purchases over \$500. (This includes breast pumps costing over \$500.)
- Genetic testing
- Hyperbaric treatment
- Inpatient admissions, other than for treatment of mental health/substance abuse, admissions following observation or an emergency room visit, and admissions for skilled nursing facility care, acute rehabilitation care, and long-term acute facility care
- Medical foods for inborn errors of metabolism
- Oncology and hematology services
- Orthotic and prosthetic appliance rentals or purchases of over \$500
- Orthognathic surgery
- Outpatient surgery or procedures performed in an ambulatory surgical center, and surgery or invasive diagnostic procedures performed in the outpatient hospital surgery area. However, colonoscopies or sigmoidoscopies do not require prior authorization
- Radiology services below:
 - › CT or CTA scans (computed tomography or computed tomography angiography)
 - › Discography
 - › MRA or MRI (magnetic resonance imaging or magnetic resonance angiography)
 - › PET-Scan (positron emission tomography scintiscan)
- Skilled services provided in a home setting, including home healthcare and home infusion
- Sleep studies
- TMJ procedures
- Transplant services, including consultations
- Travel and lodging
- Varicose vein procedures

When to call for prior authorization *(continued)*

Additionally, prior authorization is required for the types of care listed below.

Nevada Health Solutions may reach out to the patient or the healthcare professional to make sure that this care is received at the most cost-effective location and is medically appropriate.

- Dialysis
- Physical, speech, or occupational therapy

Finally, the patient or healthcare professional is required to notify Nevada Health Solutions for the following types of care listed below. Again, Nevada Health Solutions may reach out to the patient or the healthcare professional to make sure that this care is received at the most cost-effective location and is medically appropriate.

- All inpatient and residential mental health/substance abuse treatment

The patient or healthcare professional should contact Nevada Health Solutions before any of the above types of services and supplies are given.

If a patient needs emergency care, the patient or healthcare professional should contact Nevada Health Solutions as soon as possible, but no later than the next business day, after the service or supply is received.

If a patient is hospitalized because they are having a baby, the patient or healthcare professional must call Nevada Health Solutions if the stay will be longer than 48 hours for normal childbirth, or 96 hours for a Cesarean section.

- › Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or a newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a Cesarean section.
- › However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).
- › In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).
