Mount Sinai center of excellence (COE) program ending

Effective August 1, 2024, no one is required to use the COE for hip or knee joint replacement or weight loss (bariatric) surgery. The Plan will no longer reduce benefits to 50% if you use a non-COE network provider — the regular cost-sharing will apply.

The COE program, including the special \$0 benefit, will not be available for surgeries on or after November 1, 2024. You can still use Mount Sinai providers; however, the regular cost-sharing will apply to covered services.

This only applies to Class I. (Class II did not have this program.)
